Date: **29 July 2026**

Acoustic Sessions will return to The Station – Youth Centre, Murray Bridge on Saturday 29 August 2026, delivering an evening of live, local music for the community from 6.00pm to 9.00pm.

Delivered by the Rural City of Murray Bridge, Acoustic Sessions is an annual, free community music event for all ages that celebrates the musical talents of local young people aged 12–25 years. The event showcases acoustic performances in an intimate, unplugged setting, highlighting the skills of young musicians from Murray Bridge and surrounding areas.

This year's event offers a more relaxed acoustic atmosphere, providing a welcoming space where young performers can present their work in front of a live audience. The program features a mix of covers and original music across a range of popular genres, offering something for all music tastes.

Youth Development Officer Aiden Fargher said, "Acoustic Sessions was created to give young musicians the opportunity to perform in an authentic and supportive environment."

"We wanted Acoustic Sessions to capture a little of that **'Unplugged in New York'** magic - stripped back, authentic, and all about the music. More importantly, it's an opportunity where young people can share their voice and musical skills with their community," Mr Fargher said.

Held at The Station – Youth Centre, the venue provides a professional live music environment with a dedicated stage, quality sound system and lighting, supporting young people to deliver a high-quality performance experience in a safe and inclusive setting.

The event also includes art and activities, alongside food available from McCue's Bakery, with affordable options for attendees.

Acoustic Sessions is designed to encourage participation in youth-led activities, strengthen engagement with young people, and promote broader community connection through Council-supported youth initiatives. It also supports wider engagement opportunities, including connections to skate park engagement and youth programs.
