Date: **Monday 27 March 2023**

SKATE into SA Youth Week in style at a family friendly, action packed event at the Sturt Reserve Skate Park on 1 April, 2023 between 10:30am and 4pm.

The Rural City of Murray Bridge is offering free workshops for young people to hone their skills on skate board, scooter and BMX and release their creative juices whilst dabbling in aerosol art, all to the sounds of live entertainment from some of The Station's talented musicians.

The Rural City of Murray Bridge Youth Officer, Aiden Fargher said the *Youth Week Skate Jam* offers a great mixture of entertainment, fun and skills development.

"Last year we held a similar event for Youth Week that was hugely successful. We are aiming for 2023 to be bigger and better!" he said.

"The Skate, Scoot and BMX workshop conducted by Roll all Day instructors is suitable for budding skateboarders aged four years and older, including complete newbies to those who already know their way around a skate park.

"For those with more artistic intentions, Morilla Community Services will be conducting a free workshop to build their aerosol skills.

"There will be live entertainment by youth musicians from The Station's youth programs with lots of other activities on the day"

This is a free event but bookings are essential for the skate workshops.
