

about ... Monarto Information Bay

## Community Update

June, 2018

The Rural City of Murray Bridge continually aims to improve the aesthetics of our parks and our streetscapes.

Council has recently upgraded the Mannum Road Information Bay at Rocky Gully Wetlands, shown below.

Council's Work for Dole team will shortly commence a facelift of the Ferris McDonald Rd Information Bay at Monarto. This will involve removal of the bottom timbers; repainting the structure; placing the 'Monarto' sign into the middle and evening up and replacing the existing signs.

Council has communicated with the Public Officer of the Monarto Residents Association who has welcomed the proposal to refresh the Monarto Information Bay.

### Further Information

If you require further information, please contact Council's Community Biodiversity Officer, Glenn Dean on (08) 8539 1167 or by email at [g.dean@murraybridge.sa.gov.au](mailto:g.dean@murraybridge.sa.gov.au)
