FERRIES MCDONALD ROAD REDEVELOPMENT PROJECT

Update Number 33

14th June 2013

The recent heavy rain events have contributed positively to road works by providing much needed moisture to the construction of the new road near Monarto Conservation Park.

Top soil is still being stockpiled for revegetation of the old road reserve near Monarto Conservation Park at a later date.

Construction of the new road base has commenced between Garwood Road and the southern side of the Monarto Conservation Park.

Road users are reminded to continue to be vigilant within the construction zone and adhere to road works speed limits of 25km/h during the day (while works are underway) and 40km/h at all other times.

Further information is available via Council's website at www.murraybridge.sa.gov.au or by collecting a Project Fact Sheet from the Local Government Centre at 2 Seventh Street, Murray Bridge.

If you have any queries please do not hesitate to contact Council by telephoning 8539 1160. To report Malleefowl sightings or incidents, please contact 1800 913 613.

Peter Bond, Chief Executive Officer
