# FERRIES MCDONALD ROAD REDEVELOPMENT PROJECT

## Update Number 50

11 October 2013

It's been a short week due to the October long weekend. Our construction crew have concentrated on the removal of an area of rock located in the road way at Chainage 4420.

The production of limestone rubble to build the road pavement continues to be stockpiled at Council's Borrow Pit ready for installation late October 2013.

Road users are reminded to continue to be vigilant within the construction zone and adhere to road works speed limits of 25km/h.

Further information is available by collecting a Project Fact Sheet from the Local Government Centre at 2 Seventh Street, Murray Bridge or via Council's website at [www.murraybridge.sa.gov.au](http://www.murraybridge.sa.gov.au)

If you have any queries please do not hesitate to contact Council by telephoning 85391160. To report Malleefowl sightings or incidents, please contact 1800 913 613.
